Testimonials
LSSEA ‘16

"...Many thanks for organizing a wonderful event at Delhi. We all had great learning from the same. Timely & accurate prior information on the venue, timings etc...”

"...Feel proud to participate in LSSEA organized by SCMHRD. From this event we learnt the process followed by other industries, companies, their methodology, working, etc. This gave us another dimension to look at Six Sigma...”

"...Associated with your institute for a few years. You have been role models for other youngsters and conducting the event exceptionally well....”

"...I would like to heartily appreciate the efforts of Team SCMHRD who are doing this with great passion and dedication. It is being organized very professionally at each and every stage....”

"...Very good learnings through case studies. Excellent ambience and arrangement. Overall impression was excellent...”
DMAIC

It is the basic methodology to improve an existing process. The steps followed are:
   Define: What is the problem
   Measure: Key critical process critical to quality
   Analyze: Why defects occur?
   Improve: The process to stay within tolerance
   Control: The process to stay within goals

GENERAL GUIDELINES
LSSEA ‘16

Eligibility Criteria
a) The project must have been executed during the period of Jan 2015 – July 2016, with the improved results being sustained for at least three months prior to submission. This is a significant criterion for selection of entries.
b) If any project is found to be submitted in previous years, the team will be disqualified in all the categories it is participating.
c) There can be only one project per category per team.

Presentation Guidelines
a) Presentation should not exceed 15 mins (additional 5 mins for questions). Any presentation more than 25 slides shall attract negative marking.
b) Video content in the slide can be of maximum 1 minute time length.
c) Introduction of the company should be restricted to 1 slide only and presentations must be converted to PDF format and uploaded on website www.sixsigma.scmhrd.edu

Application guidelines
Along with the online registration, participants need to upload the scanned copy of the application form duly filled and signed by the signatory (uploading of the scanned copy is a MUST for completing registration) in PDF format on the website www.sixsigma.scmhrd.edu
PARTICIPATION GUIDELINES
LSSEA ‘16

a) Not more than one project can be submitted under each category. A team can participate in any number of categories (with different projects). Any number of teams can participate from the organization.

b) The team has to decide in which region it wants to present during the regional round. Any project submitted in more than one region will be disqualified (even with different team members).

c) One team can send more than one project for the event but in different categories.

d) For Supply Chain and Logistics, there may be a final round directly based on the shortlist.

e) Separate online registrations need to be done for different projects under different names.

f) All submissions should be done online.

g) The panelists at their discretion may ask for a telephonic interview with the participating members, Six Sigma champion and / or the CEO/CFO. This is to verify the validity of the submissions.

h) Teams will be shortlisted after the regional rounds and the decision of the organizers will be binding under all circumstances.

i) The Presentation fee for a project is: ₹3450/- per project (for all categories) Cheque/DemandDraft, Online Payment, Credit/Debit Card. Please make the cheque / draft of the applicable amount (₹3450 per project) in favour of 'Director, Symbiosis Centre for Mgmt & HRD' payable at Pune and send it to our address. Please mention your company name and project name/s behind the Cheque / Draft.
PRESENTATION GUIDELINES

LSSEA ‘16

1. It is preferable that only the persons directly responsible for carrying out the projects make the presentation.

2. No More Than 1 Slide to introduce your Company

3. The appropriateness of tools shall be evaluated.

4. Financial / Customer Benefit achieved should be shown with documentary evidence

5. Your Presentation should contain:
   - Why this project? Alignment with Customer/Business goals/objectives
   - What is the current status? How do you validate your data
   - Improve Opportunity
   - Causal Analysis
   - Validation of potential causes
   - Solutions for validated root causes
   - Risk analysis
   - Implementation planning
   - How do you ensure that the solutions stay fixed
OTHER GUIDELINES

LSSEA ‘16

• We would like to publish the executive summary in the event magazine. In case a company does not wish to publish their project, the team members should communicate it beforehand. No communication from the company will be considered as a “No Objection” from the company and/or team members for publishing the executive summary. The Executive summary should not exceed 2 pages.

• Along with the presentation, the teams are expected to submit a detailed write-up not exceeding 15 pages.

• Only .PDF format of the write-up and .DOC format of the Executive summary should be uploaded on website www.sixsigma.scmhrd.edu

• Please DO NOT attach .docx format
